EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 24-30 have been cancelled as directed to non-elected inventions without traverse.

While applicant's election of Group I – Claims 11-23 in the reply filed on December 20, 2010 was made with traverse, it has not been treated as such because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement. Accordingly, the election has been treated as an election without traverse (MPEP § 818.03(a)).

2. **Formal Drawings are not required.** In order to avoid abandonment of the application, applicant must submit formal drawings.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

a. As regards the invention recited in independent claim 11, the combination recited in the claim is novel and unobvious. Of particular interest is the combination of elements and the arrangement thereof. Naturally the allowability

of each individual limitation in and of itself is not at issue. Nevertheless, the claimed subject matter is allowable. The prior art of record does not anticipate, nor make obvious, the claimed invention, alone or in combination therewith.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
